## LOYD GEORGE IS MAKING TURKEY BOTH FACTIONS

Intimate Confabs  
in De Valera and  
Sir James Craig

## DEGRESS SURPRISING

Expected That All  
Three Factions Meet  
Next Week

(By Associated Press)  
London, July 15.—Two more important conferences were held today in London. The first was between Mr. Lloyd-George and the leaders of the Irish republican faction, and the second between Mr. Lloyd-George and Sir James Craig, Premier of Ulster. It was expected that all three factions would meet next week to reach a solution of the problem.

The first conference was between Mr. Lloyd-George and Eamon DeValera, Irish republican leader, and the second between Mr. Lloyd-George and Sir James Craig, Premier of Ulster. Information as to the results of the conferences was withheld, but it may be said that the negotiations are shaping up better than anyone could have hoped for a week ago. No hitch has occurred.

DeValera will meet Mr. Lloyd-George again Monday while Sir James has summoned some members of the cabinet to London which would indicate that some suggestion of government has come to the fore.

Conference Next Week  
It is said by those in close touch with the negotiations that there is every prospect that the conference of Mr. Lloyd-George, DeValera and Sir James Craig will materialize early next week.

Mr. Lloyd-George left London at 5:30 o'clock this morning. Mr. Lloyd-George had had hours of "man to man" discussion with Mr. De Valera and two other men and a half with Sir James. It is reason to believe that at the conclusion of these intimate talks there was little of the view points which the three leaders the handicaps which they are fettered and the over which they would not, or not step, which had not been perfectly clear to the others. From the sequence of developments those who have closely followed the meetings inferred that the center had shifted to the republican camp. It is intimated that Sir James is now in a position to face with the alternative arrived at in the Lloyd-George-De Valera interchanges yesterday and today. The same important expressed belief that these negotiations were not regarded as utterly impossible by Sir James but that they involved concessions which the Ulster Unionists are unwilling to pledge on his responsibility.

Beauvais' Perfect  
English First Got  
Him Ann's Notice

(By Associated Press)  
Poughkeepsie, July 15.—Fred Beauvais' fluent English led Mrs. Robinson to invite him to eat with her and the rest of her hunting party in the Canadian woods when she first met him in November, 1916. H. H. Clawsen, of Buffalo testified today in the divorce suit of James A. Robinson, New York banker who married Beauvais as correspondent.

The witness said that he and Mrs. Robinson and her two children made up the party. Beauvais was the only one of three Indian guides hired who could speak English. Because of that he was frequently invited to eat with the rest of the party while the other Indians ate by themselves.

Clawsen, who is the son of a wealthy Buffalo manufacturer, was positive, under cross examination, that he was told of the date he had seen Mr. and Mrs. Robinson together at Poughkeepsie, hills in the months preceding the birth of Guy Robinson.

## MINGO WAR CASUALTIES PLACED AT 100 BY MEN WHO WERE IN BATTLES

Mountaineer Never Shot  
Twice Without Hitting  
the Target

(By Associated Press)  
Washington, July 15.—One hundred casualties resulted during the past year from labor troubles in the Mingo, W. Va., coal fields, C. F. Keeney, president of the Miner's District Union, today told the House. Mr. Keeney agreed with representatives of the operators who placed the casualties in the same period at 27—that the dead were "mostly men on the other side."

"In the words of a law officer when a real mountaineer of Mingo county shoots twice at a man and doesn't kill him, Keeney explained, "it is because he was not shooting to hit." At the same time, speaking to S. B. Avis, counsel for the operators, he declared the strikers "have been forced into every battle there by you and your order."

R. H. Kirkpatrick, another witness, formerly mine foreman for the Burnwell Coal and Coke company, testified that the imitation battle around a mine tunnel had been staged by his superiors and himself "to get martial law declared and beat the strike." One mine official went up into the woods and shot many times at the tunnel entrance, Kirkpatrick said, while he, with two guns, shot vigorously back and two other men "went to outflank" the supposed assailant.

Keeney and Attorney Avis wrangled for the course of another hour as the witness denied charges that "the United Mine Workers win their battle at the point of a gun" and asserted that the operators brought in "gun men" and detectives. The Baldwin-Feltz detective agency was frequently mentioned as the mine guarding and watching agency.

## KABER JURY GOES TO BED WITHOUT REACHING VERDICT

at 8 O'Clock  
This Morning

## JUDGE CHARGES DEGREE

Six Forms of Verdicts  
May Be Returned  
By the Jury

(By Associated Press)  
Cleveland, July 15.—The jury in the case of Eva Katherine Kaber, charged with the murder of her husband, Daniel F. Kaber, had not reached a verdict at 10 o'clock tonight and was taken to a hotel for the night. It will resume deliberations again at 8 o'clock tomorrow morning.

Six forms of verdict were given the jurors, only one of which they may return as their decision in the case. They are: guilty of murder in the first degree, which carries with it death in the electric chair; first degree murder, with a recommendation for mercy, carrying with it life imprisonment without hope of pardon; second degree murder, carrying life imprisonment subject to pardon by the governor; manslaughter, carrying a penalty of imprisonment from one to twenty years; not guilty, giving her absolute freedom; not guilty on the ground of insanity, thus freeing her on the murder charge, but subjecting her to confinement as an insane person.

In his charge to the jury, Judge Dill said that Mrs. Kaber was found to be mentally irresponsible at the time of the murder. The burden of proof that she was insane however, he declared, was upon the defense.

## German Destroyers Easy Targets For American Gunners

(By Associated Press)  
ON BOARD THE DESTROYER SICARD, EN ROUTE TO NORFOLK, Va., July 15.—The former German destroyers, V-43 and S-132, were sunk this evening by the combined shell fire of the destroyers Leary and Herbert and battle ships Florida and Delaware, of the Atlantic fleet. They went down at a point seventy-five miles off the Virginia capes selected as the grave yard for the once enemy vessels turned over to the United States after the world war.

The V-43 after being hit twice by the Leary finally was accounted for by the Florida which scored time after time with shells from her starboard battery of seven five inch destroyer defense rifles each of which spoke twenty times. Twenty-nine minutes after the Florida opened fire at a range of 7,500 yards the former enemy craft went down stern up. The S-132 was hit six times by shells from the four inch rifles of the Herbert and was officially described then as in a sinking condition. She was finished off by the gunners of the Delaware.

## Rainbow Division Resolute Against Harvey and Dry

(By Associated Press)  
Cleveland, O., July 15.—Resenting a statement made in London, Colonel by Colonel George Harvey, ambassador to England, that the war was fought by the United States from motives of self interest, delegates to the second annual convention of the Rainbow Division Veterans Association today condemned Colonel Harvey. Another resolution declaring the eighteenth (dry) amendment was adopted while 4,000,000 men were either in France or in training camps and advocating that no change in the constitution on any subject be made when men are at war, was unanimously passed.

## ENTIRE FRANKNESS AT COUNCIL TABLE TO BE JAPAN'S DISARMAMENT

America Reasserts Its  
Proposals as Host  
to Conference

(By Associated Press)  
Washington, July 15.—Japan's reluctance to take part in an unrestricted discussion of far eastern affairs at the disarmament conference led the United States to set forth anew today its idea of the probable consequences to the Tokyo government were not disclosed but they are held by officials here to be sufficiently definite to permit of a comprehensive reconsideration of the whole subject by Japanese statesmen. American officials look forward to the result with entire confidence.

Although holding to its firm belief that far eastern and Pacific problems are linked closely with any effort to reduce armament the position of this government is understood to be that the important object after all is to get the powers together around a council table where each is willing to speak and act in entire frankness in the interest of good understanding. The feeling here is that once that object has been attained an agreement easily will be reached as to subjects of discussion provided none of the powers ties its own hands before the conference begins.

There is reason to believe that American officials who stand in the capacity of hosts to the conference have no idea of dictating advance just what subjects shall be considered. At the same time there is manifest here belief when the moment of decision comes that no nation will care to tie on its shoulders the responsibility for refusing to discuss any question which seems vital to the peace of the world.

## Booz Raiders Must Have Warrant Rules Federal Judge Call

(By Associated Press)  
Jacksonville, July 15.—Two cases involving violation of the prohibition laws were thrown out of federal court here today by Judge Call on the ground that the officers making the raids fail to possess search warrants.

Attorney for the defendants raised objections to offering of testimony on ground that the officers had no search warrants and in sustaining objection Judge Call ruled that those could not be tried on such evidence.

"Because man is an officer is no excuse for violating the law," declared Judge Call. "The national prohibition laws, are very clear in stating that search warrant must be obtained an officer, either state, or fed, is violating the law himself when he makes a search without proper papers."

The Chicago Sox players and others indicted on charges of conspiracy in connection with the alleged throw of the 1919 world series was pleted today.

## NATIONAL SHOE BILL INCREASED BY \$81,000,000

Hides and Leather Are  
Taken From Tariff  
Free List

## IS BIGGEST OUTRAGE YET

Farmer Gets Less For  
Hides and Public  
Pays More

(By Associated Press)  
Washington, July 15.—Hides—raw, green and pickled—were all thrown off the Fordney tariff free list today by the house which voted to impose an ad valorem duty of 15 per cent. to be followed by another amendment taxing all leather products including shoes.

There were many breaks from straight party lines on the first contested section of the measure, but finding themselves with votes to spare, republican leaders forced an early adjustment over the democratic demand that the bill be read for amendment.

Representative Hawley, of Washington republican member of the committee, in pleading against the duty declared the farmers by such a tariff would get less than they were now paid and that \$81,000,000 would be added annually to the nation's republican, a former member of the Senate who told the committee that the Payne-Aldrich bill did not put one cent of tax on "the hide of the cow."

Hopes of Democrats Ended  
The action of the leaders in adjourning after a fire hour session and on the heels of an eleven hour sitting yesterday ended the hope of democrats of a chance to demand a vote on amendments generally. After discussion had been running for two hours, Representative Garrett, of Tennessee, the acting democratic leader, offered a motion to close debate at once so that the house might have an opportunity to work on the bill under the five minute rule according to the legislative custom.

The republicans countered with a motion for two additional hours of debate and got it by a party vote. Under the rule by which the Fordney bill has right of way another vote will be demanded in the house probably next Thursday, the action today being in committee of the whole. Opponents of the duty said, however, they had little hope of defeating it then.

(By Associated Press)  
Tampa, July 15.—Every one of the taxicabs which were ordered from their old stands on the public streets by Chief of Police Williams Tuesday morning were back at the old locations this afternoon.

The city will appeal the case to the state supreme court it is understood.

## PABLO MAYOR'S CHAIR TOO SMALL FOR NEWLY ELECT.

(By Associated Press)

## REFUNDING OF ALLIED DEBT IS GETTING TOO MUCH LIGHT TO PLEASE

Now Certain That Britain  
Is Hopeful U. S.  
Will Cancel It

(By Associated Press)  
Washington, July 15.—Refunding of the allied debts got into senate debate today. Senator Reed, democrat, Missouri, stating he was glad, at last, that the public had been apprised that the inter-allied loan was cancelled. He referred to the letters of Premier Lloyd-George to President Wilson and to Chancellor Chamberlain's cablegram and added:

"Great Britain did seriously suggest that the United States could enter into an agreement to forgive the indebtedness of other European nations to her. The British Premier and Chancellor of the Exchequer, it now is shown, made that proposal."

Senator Reed also read a statement accompanying the budget presented this year to the British parliament in which it was stated that "it is to be hoped" that it will not be necessary to provide for all of the interest on the foreign debt next year."

The senator's statement brought a reply later from Senator Glass, democrat, Virginia, former secretary of the treasury, who declared the treasury, under his administration, never had given support to any proposal involving cancellation of the inter-allied debts. Mr. Glass read a cablegram received from President Wilson while the latter was at the Paris peace conference saying that he was keeping "a close watch" on the matter of America's loans and assuring his treasury secretary that there was no necessity to worry over proposal that America forgive her debt.

## COMPENSATION BILL IS SENT TO THE COMMITTEE

President's Demand For  
Recommittal Turns  
the Tide

## WILD SCENES IN SENATE

McCumber and Reed In  
a Near Fight Over  
Remarks

(By Associated Press)  
Washington, July 15.—The administration won its battle in congress today when the senate, responding to President Harding's recent request, recommitted the soldier bonus bill indefinitely to the finance committee.

The vote for recommittal was 47 to 29, and was interpreted by democrats to mean the "death" of the bill but by republican leaders to mean postponement for only a few months with no substantial loss to war veterans beneficiaries.

Both parties divided on the roll call, nine republicans voting against, while eight democrats joined the bulk of republicans for recommittal. Republican losses on the vote were offset exactly by democratic accessions, as two more republicans were paired against recommittal and three more democrats for the motion.

Set No Date for Reporting Bill  
A motion of Senator Keeney, rejected. Senator Pittman, democrat, Nevada, thereupon announced he would make a motion every week hereafter to bring back the bill from committee.

Strong clashes between democratic opponents and republican advocates of recommittal marked the closing debate. But they were mild as compared to the scenes which followed the roll call. Among these incidents was a challenge by Senator McCumber, republican, North Dakota, champion of the motion, to Senator Reed, democrat, Missouri, to settle a question of veracity "outside" and shouts of "sit down" made to Senator McCumber by Senator Watson, democrat, of Georgia.

Senatorial dignity and rule were lost in the confusion. A half dozen senators were speaking at once, clamoring for recognition by the Vice President.

McCumber Starts the Row  
The row broke when Senator McCumber was recognized by the Vice President, to explain the effect of the bill's recommittal. Senators Robinson, democrat, Arkansas, and Reed declared that there being no bill or other business before the senate Mr. McCumber's speech was not in order but the Vice President ruled in favor of Mr. McCumber.

There were many tense moments, especially when Senator McCumber and Senator Reed walked toward each other from opposite sides of the aisle. Senator Robinson and others, however, stepped between them. This occurred when Senator Reed referring to Mr. McCumber's invitation for discussion of their differences "outside" declared:

"I never saw a blackguard yet who did not want to go outside to settle." McCumber Starts for Reed  
Senator McCumber then left his seat and moved toward Senator Reed while Senator Williams, democrat, Mississippi, called Mr. Reed to order. Senator Robinson, declaring that the personalities did not reflect credit to the senate, "suggested that both senators go over the record and delete their remarks." Both senators finally agreed to this, Senator Reed saying he did not wish any reflection to stand. He added, however, that "the outside is so large that it is generally considered a safe place."

"I can say with absolute assurance to the American people and the American soldier," Mr. McCumber said, "that this bill will be enacted into law, and I am certain that its effective date, July 1, 1922 of payments will not have to be extended. Delays will not deprive veterans of a single right under the bill."
